Information from the PROK planners: The Seoul Presbytery made three suggestions for what they would like to learn/see/experience:

1. We want to learn about youth ministry.
2. We are also aware that the UCC is struggling with diminishing membership and developing alternative ways of ministry: merging of congregations, joint multi-cultural ministry, etc. We hope we can have chances to learn about this.
3. Some congregations in Seoul Presbytery are concerned on eco-ministry. Please reflect this concern in the schedule, if possible.

GC staff involvement: Michael Shewburg will be the main contact Thursday, Friday and Saturday while Audrey Brown and David Allen are involved in AGM matters. Recently retired overseas personnel Catherine Christie will be part of the full itinerary.
