

To Presbyteries and Communities of Faith:

Good News!! The long awaited New Ministry Development and Leadership Fund (NMDLF) applications are now available. They are now posted on the Toronto Conference Website (www.torontoconference.ca).

How Did The New Ministry Development and Leadership Fund Come About?

The wisdom for the Fund evolved out of a number of Property Consultation discussions involving key representatives from the four Presbyteries and Conference. Out of those consultations a vision was born: The New Ministry Development and Leadership Fund (NMDLF). As the name of the fund indicates, its purpose is to reduce some of the financial stresses in the development of new ministries, and leadership directions.

To sustain the NMDLF, monies will come from the sale of surplus church properties. In the consultation discussions, the generosity of many who built and maintained buildings for worship and ministries was recognized. Wanting to continue the legacy of those who went before, the thought was that employing some of the monies from sales to develop future ministries and strengthen the leadership of Christ in our communities residing in the Toronto Conference was fitting.

The Process Used to Create The Fund

For the New Ministry Development and Leadership Fund to operate, representatives from the partners of the fund, the four Presbyteries and Toronto Conference, were empowered to develop the Terms of Reference and the Memorandum of Understanding with The Presbyteries of Toronto Conference Corporation (PTCC). Both of these operational components were approved in the fall of 2016, ending a two year process.

Each of the Presbyteries and Toronto Conference then were asked to elect two individuals to be part of the Grant Review Team. In late February of 2017 the Grant Review Team gathered for its first meeting to develop the applications and protocols for the grant review process.

The Grant Review Team has completed its work and is now ready to receive your applications.

Your attention to Detail Is Important

The Applicant's Role

The applicant's role is simple - fill out the applicable application and pass it on to your Presbytery who will have oversight of the project. The Grant Review team stresses that you *ensure all the information is provided.*

The Role of Presbytery

Presbytery is a partner in the New Ministry Development / Leadership direction. Before an application requesting grant funding **can be forwarded to the Grant Review Team, the Presbytery must approve the project.**

The Presbytery will be a key partner throughout the process. **With this letter the Grant Review Team alerts the Presbytery to develop what they need to fulfill their responsibilities in the Grant review process. The Grant Review Team does not have responsibility for the oversight of such projects that are carried out in the presbytery.** Thus the review of the application by the Presbytery for its approval before it is forwarded to the Grant Review Team is paramount. The Grant Review Team's responsibility is to discern the merits of the application based on the Terms of Reference and Presbytery's approval.

Presbytery must exercise due diligence in its own reviews of a project before forwarding the Grant Application in order not to affect the integrity of the Fund itself.

Term's of Reference 6. a.i.3

- (1) Each PARTNER will determine their method of approval. In presbyteries, approval must be either through executive or plenary, and at Toronto Conference the executive will make the decision.

The Role Of Conference

NMDLF is not a Conference Fund. The Toronto Conference has no oversight over the NMDLF.

Term's of Reference 6. a.i.3

- (1) Each PARTNER will determine their method of approval. In presbyteries, approval must be either through executive or plenary, and at Toronto Conference the executive will make the decision.

The Role of Grant Review Team and PTCC

The Grant Review Team is to determine if an application meets the criteria for current funding and any subsequent funding for the project. To help make the Grant review process work effectively, two deadlines are set for applications to be received by Grant Review Team. They are highlighted in the application of **April 30** and **September 30**. These dates are to ensure that the Grant Review Team has enough time to examine the application and forward it to PTCC prior to their meeting date.

Once PTCC completes their process, a member of PTCC will contact the Grant Review Team and the charitable status holder to determine the scheduling for the release of the funds.

It is critical for New Ministry-leadership programs/projects that **require funding beyond a year to follow the review process**, as outlined in the application. Failure to ensure that review materials are submitted on time can result in delay or the receiving of no further funding.

The Grant Review Team may request, from time to time, that the applicant of the project be present at a meeting for clarification and or further feedback on the project.

When downloading the appropriate application for a grant, the Grant Review Team suggests strongly that you become familiar with the Terms of Reference.

Where To Send The Application

All applications, **once approved by presbytery** are to be sent to Rose Cambourne at the Toronto Conference Office, 65 Mayall Avenue, Downsview, ON M3L 1E7 or via e-mail, rcambour@united-church.ca Once received, Rose will circulate the application in a timely fashion to the Grant Review team for them to begin their work on your behalf.

Review, Review, Review

The Grant Review Team encourages the applicant **to review the application more than once** to ensure that all the information requested is provided. Paying attention to detail will ensure that your application meets no delays.

Closing Remarks

The Grant Review Team looks forward to reviewing the exciting vision that God has initiated with you and we hope that this fund will be able to help give the support to new ministries and leadership programs to enable them to flourish in the boundaries of the Toronto Conference.

Sincerely

The New Ministry Development and Leadership Fund Grant Review Team

**TERMS OF REFERENCE FOR
NEW MINISTRIES DEVELOPMENT and LEADERSHIP FUND**

1) NAME OF FUND

New Ministries Development and Leadership Fund, hereinafter called THE FUND.

2) PREAMBLE

The New Ministries Development and Leadership Fund has been established by Toronto Conference (Executive Minutes November 26, 2014) as one result of extensive consultations on the use of proceeds from property sales and governed by these Terms of Reference developed by and once agreed to by THE PARTNERS to THE FUND.

The source of funding both initial and ongoing is

- (a) the proceeds of sales of property accruing to Toronto Conference in accordance to the polity of The United Church of Canada and allocated in accordance to the Toronto Conference Policy – Property
- (b) Net proceeds of investment including net capital gains

The initial funding provided as set out in the Toronto Conference Executive action was \$3,000,000 with both capital and earnings on investment to be available for the purposes of THE FUND.

Because it is recognized that activities supported by THE FUND can have implications and learnings across local communities of faith, presbyteries and Toronto Conference, projects based on partnerships and sharing of results should be highly valued.

3) PURPOSE

THE FUND will support NEW MINISTRIES and LEADERSHIP DEVELOPMENT initiatives in Toronto Conference through providing grant-based funding.

4) DEFINITIONS

NEW MINISTRIES is a program of funding and support for the exploration, formation and establishing of new intentional faith communities and non-traditional approaches to Christian ministry, or the redevelopment/revitalization of a community of faith or grouping of communities of faith of The United Church of Canada solely and within the geographical boundaries of Toronto Conference with the intention of responding to new communities and/or reaching out to those within existing communities who are not engaged with traditional forms of church. New ministries can emerge from an existing community of faith or alongside established ministries or as stand-alone entities.

LEADERSHIP DEVELOPMENT is a program of funding and support to identify, train, and deploy individuals with potential to become effective leaders in emerging forms of ministry, in the establishing of new intentional faith communities and/or repurposing of established faith communities and training and motivating others in leadership roles.

Partners to THE FUND are Toronto Conference of The United Church of Canada, Living Waters Presbytery, Northern Waters Presbytery, South West Presbytery and Toronto Southeast Presbytery or their successors which for purposes of this document are collectively known as THE PARTNERS.

Current Annual Starting Balance (CURRENT BALANCE) is the actual balance in THE FUND on January 1st of any year adjusted for commitments, accrued expenses and net investment income, and replenishment of capital.

Current Maximum Capital (CURRENT CAP) is the amount to which THE FUND will be replenished as set out Section 5(b) and as additional monies may become available.

Initial Capital (INITIAL CAP) is the \$3,000,000 allocated by Toronto Conference in setting up THE FUND.

The Presbyteries of Toronto Conference Corporation (PTCC) is a charitable Ontario Corporation formed on June 30, 2010 to serve the Presbyteries of Toronto Conference in The United Church of Canada by playing an active role in their work and mission by making grants to the presbyteries through Toronto Conference and to other charitable organizations of annual earned income and capital.

5) **FINANCIAL TERMS**

The initial value of THE FUND is \$3 million. It will be maintained at that value (adjusted for inflation) through annual replenishments from the proceeds of sale of property to the extent such funds are available.

In a given year, THE FUND can commit up to 25% of its January 1st opening balance (including capital replenishments, but net of outstanding prior commitments). A commitment may result in spending in the same year or in a future year.

A more precise description and further details follow:

a) **CAPITAL**

THE FUND is established with an initial amount (INITIAL CAP) of \$3,000,000 and will be capped at that amount unless otherwise determined by the policies of Toronto Conference Executive and section 5 b) following

b) SETTING THE MAXIMUM AUTHORIZED VALUE OF THE FUND (CURRENT CAP) IN THE FUTURE AND REPLENISHMENT OF CAPITAL

- i) The maximum authorized value for THE FUND will grow with inflation and that authorized maximum value will be established as of January 1st of each year.
 - (1) The inflation factor (INFLATION FACTOR) will be the percentage increase in the Consumer Price Index (CPI) for the year two years prior, as published by Statistics Canada. This is the same inflation factor used and published annually by The United Church of Canada to adjust minimum salaries. For clarity the INFLATION FACTOR used for January 1, 2016 will be that published for the year 2014.
 - (2) The inflation factor so derived will be applied to calculate a CURRENT CAP as of January 1 of the year as follows: $CURRENT\ CAP = CAP\ AS\ OF\ JAN\ 1\ OF\ YEAR\ PRIOR \times (1 + INFLATION\ FACTOR)$ rounded to the nearest dollar.
 - (3) For purposes of the first calculation of the CURRENT CAP, THE FUND is assumed to have a value of \$3,000,000 on January 1, 2015.
- ii) The capital of THE FUND will be replenished if on January 1st of any year the amount in THE FUND before replenishment is below the CURRENT CAP calculated for that date.
 - (1) The January 1st amount before replenishment will be determined by adjusting the actual balance in THE FUND for commitments made but not yet paid and expenses and net investment income accrued but not yet realized.
 - (2) The capital will be replenished by allocation of the proceeds of sale of property as set out in the policies of Toronto Conference to the extent that such funds are available. As a result, the CURRENT BALANCE in THE FUND as of January 1st in any year may be less than the CURRENT CAP.
- c) **FUNDS AVAILABLE:** For the purposes of THE FUND and in accordance with the criteria set out in following sections both income and capital may be used as set out below:
 - i) In a given year, new commitments may be made of up to 25% of the CURRENT BALANCE at the beginning of that year. A commitment made in a given year can result in spending in that year or in a subsequent year.
 - ii) Sufficient income and capital must remain to meet current commitments.
